

Gianna Aprea

I am a girl from New York who ends up in Miami without a plan. After receiving my Associates degree in Art and Design from Westchester Community College, I transferred to Marist College to study fine arts. I am now completing my BFA in Graphic Design at the University of Miami.

My work combines different techniques and mediums to enhance the message. I incorporate illustration, painting, and printmaking in my mixed media pieces. I apply multiple layers of different mediums and techniques to explore my thoughts, feelings, and beliefs as a Christian.

I believe that what we go through in life is exactly what we are supposed to experience. When there are obstacles in my life that leave me in a state of uncertainty and discomfort, I turn to my faith. This brings me much peace and hope for what's to come. I have no doubts or concerns on what will happen next in my life because I give it to God. These are the themes explored in my work.

Thank you to everyone who has been on this journey with me. I wouldn't have made it here without the love and support of my family and mentors along the way.
